SUMMARY

Full Stack Developer with 9 Months of experience building dynamic, responsive web applications and services. Proficient in developing scalable backend APIs and interactive user interfaces. Skilled in delivering robust solutions using modern technologies such as React, Node.js, and AWS. Passionate about solving complex problems and optimizing performance.

WORK EXPERIENCE

•Software Developer Trainee | Selacto Solutions Pvt. Ltd. | December 2024 - Present

- Developed RESTful APIs using Node.js integrated with MySQL, optimizing data transactions and API performance.
- Implemented Serverless solutions with AWS Lambda and Serverless Framework, achieving scalability while reducing costs.
- Built dynamic user interfaces with React.js and Redux, enhancing application performance and user experience.
- Skills & Technologies: JavaScript, Node.js, Serverless, React.js, Redux, AWS, REST API, MySQL

•Software Developer-Intern | Apps Team Technologies | July 2023 -Sept 2023

- Developed and enhanced website functionality using Node.js, a server-side JavaScript runtime.
- Designed and structured databases to enable efficient storage and retrieval of data.
- Built and maintained RESTful APIs to facilitate seamless communication between the website and external services.
- Collaborated with the team to implement features and optimize system performance.
- Skills & Technologies: JavaScript, TypeScript, Node.js, Express.js, REST API, Sequelize, MySQL

PROJECTS

Production App

- Work management system with customizable templates, requirements tracking, role management, and secure multi-level access. Designed for professionals like designers, carpenters, and analysts to enhance collaboration and task organization.

Global Entertainment Manufacturer Website

- Developed a dynamic and user-friendly website for a global entertainment manufacturer to showcase their products, services, and brand story. The website features an intuitive design, multilingual support, responsive layouts, and seamless navigation.

EDUCATION

• Post Graduation - Master of Computer Application (MCA) | 2021-2023

- Federal Institute of Science and Technology

• Degree - Bachelor of Computer Applications (BCA) | 2017 -2020

- College Of Applied Science IHRD

SKILLS

- **Languages & Database** : JavaScript(ES6), TypeScript, Java, Python,
- **Web & Mobile Development** : Node.js, Express, RESTful APIs,React.js,Redux, JSX, Tailwind CSS
- **Database Technologies** : DBMS,SQL, MySQL, MongoDB
- **Cloud/Serverless** : AWS Lambda, Serverless Framework
- **Tools & Version Control**: Git, Postman
- **Other**: Object-Oriented Programming (OOP), Agile Development
- **Awards/Activities**: Final round participant in "Brute force" conducted by UST Global.
